SINE

Designed by Miklós Leits

A PERPETUAL DANCE OF SYMMETRY AND ASYMMETRY

See, touch, feel, embrace. It's easy to let your mind wander and your eyes undulate to the rhythm of the Sine, a lampshade designed to lure and engage your senses. Its harmonious organic pattern contrasts symmetry and asymmetry, dark and light, grey and white, ups and downs, creating a remarkably different look depending on the angle from which it's viewed, and imprinting an apparent motion and a dynamic vibe to the lamp.

The tactile sense is as much delighted as the sight sense. The smooth layer of felt conveys a distinctive character and creates a cosy feel, evocative of the Nordic style and philosophy. Exquisite, intrinsically simple, yet with an attitude twist, Sine comes as a flat-packed lampshade that can be assembled without glue or any tools. Hidden zippers along the edges transform the 2D flat geometric shapes into a stunning 3D silhouette.

With an exclusive, yet playful design, and a completely glare-free glow, this lampshade can be placed in any spot, in any environment. All you have to do is to see, touch, feel, love.
